He joined that unit them to Chateau Thierry, and later was in the famous St. Mihiel clean-up

SALARIES OF CITY COUNCIL VOTED ON.

In the second election held on the question of the salaries of the councilmen, held on Monday, it was voted to fix the salaries at \$147.50 a month for each one of the three commissioners.

An election for the sand purpose was on the St. Mihlel front, went with held a month ago, but the ordinance fixing the salaries at \$150 a month each was voted down. Under the law the council had to pass another ordinance, to be voted on as before. In this ordinance they fixed the salaries at \$147.50, as above stated. This ordinance was voted on Monday, with the following result:

This settles the matter, and the councilmen will now receive the above named salaries, commencing with January 1, when they were inducted into office.

American Red Cross headquarters had officially denied a story printed recently under a Paris date to the effect that it had agreed to accept \$500,000 from the Russian Bolsheviki Red Cross to help defray- the expense of relief work among the Russian prisoners in German camps. The statement says the American Red Cross has had no relations of any kind with any Bolsheviki organization. The American Red Cross alone, the statement continues, is providing the money and supplies for the special Red Cross misison which has been sent to Germany to relieve the distress of Eighteen American tanks, built for Russian prisoners in that country.
